

# ProPower

## Product Data Sheet

**Tel** | 0344 576 0221  
**Email** | [info@smartwatchesolutions.co.uk](mailto:info@smartwatchesolutions.co.uk)

## Mechanical

Max Product Footprint (panels deployed)	6m x 4.8m
Max Product Footprint (travel position)	2.2m x 3.5m
Wet Weight (full fuel tank)	3310kg
Internal tank size	130L (30/45 hours run time – load dependent)

## Performance

Generator Power	22kVA Perkins Single Phase Engine
Solar Array	3040 watts
Inverter Power	15kVA Victron Quattro Single Phase
Battery Storage	32kwh usable Lithium-Ion Phosphate
Peak Load	18kw Continuous
Charge time from empty	3 hours

## Configuration

Socket Outputs	1 x 125A SP, 2 x 32A SP
Remote Access	Victron VRM, DSE Gateway & ERICA Dashboard
Local Access	Victron Cerbo & DSE 7320
External connections	½" Fuel line connectors & 2 pin fuel level sender
Protection	RCBO on 32A/RCD & MCB on 125A Earth spike connection on trailer
